# *THE 1960 SPECTATOR*

## *LIBERTY HIGH SCHOOL LIBERTY, MISSOURI*

### *FOREWORD*

In years to come when high school halls  
Seem as distant misty places,  
And the crowd that trod within the walls  
Are a sea of empty faces . . .

Take this book and look inside  
Upon its many pages  
Remember your school with joy and pride  
Undimmed by passing ages.

# *ADMINISTRATION*

# THE BOARD OF EDUCATION

LEFT TO RIGHT: Mrs. C. M. Smith, Mr. Harvey Thomas, Mr. Robert Demasters, Mr. Ed Duncan, President; Mr. Ralph Wenzel, Mrs. William Edwards, Secretary; Mr. Joe Capps.

MR. DONALD R. LIDIKAY  
Superintendent

The Board of Education renders an important service to everyone in school. They spend many hours considering ways and means to provide the best education possible for all young people. Each member of the Board is a person who takes an active interest in the education of young people. Their wide variety of occupations is indicative of their true representation of this community. Among their group we find executives, businessmen, a farmer, a housewife. Their frequent contact with the local citizens insures a fair representation of the ideas and ideals to be stressed in our school. This year one of their biggest tasks has been the selection of our new superintendent, Mr. Donald R. Lidikay.

# THE ADMINISTRATIVE STAFF

MRS. WILLIAM EDWARDS  
Secretary

MRS. RICHARD PAULIN  
Secretary

MRS. ROBERT NETH  
Secretary

MR. JAMES E. PALUSKA  
Principal

For the first three months of this year Mr. Paluska acted as superintendent in addition to his duties as principal. In both offices he helped students and teachers keep in harmony.

MRS. CHARLES TYLER  
Secretary

# LEADERS OF TODAY

"To be, or not to be"

Chosen your college?

Keep the tones long!

Music to study by?

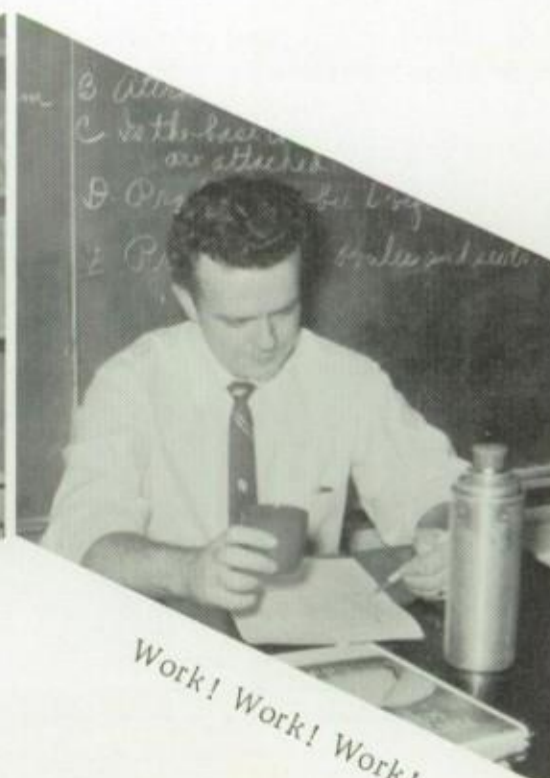

Test tube, burner, beaker...

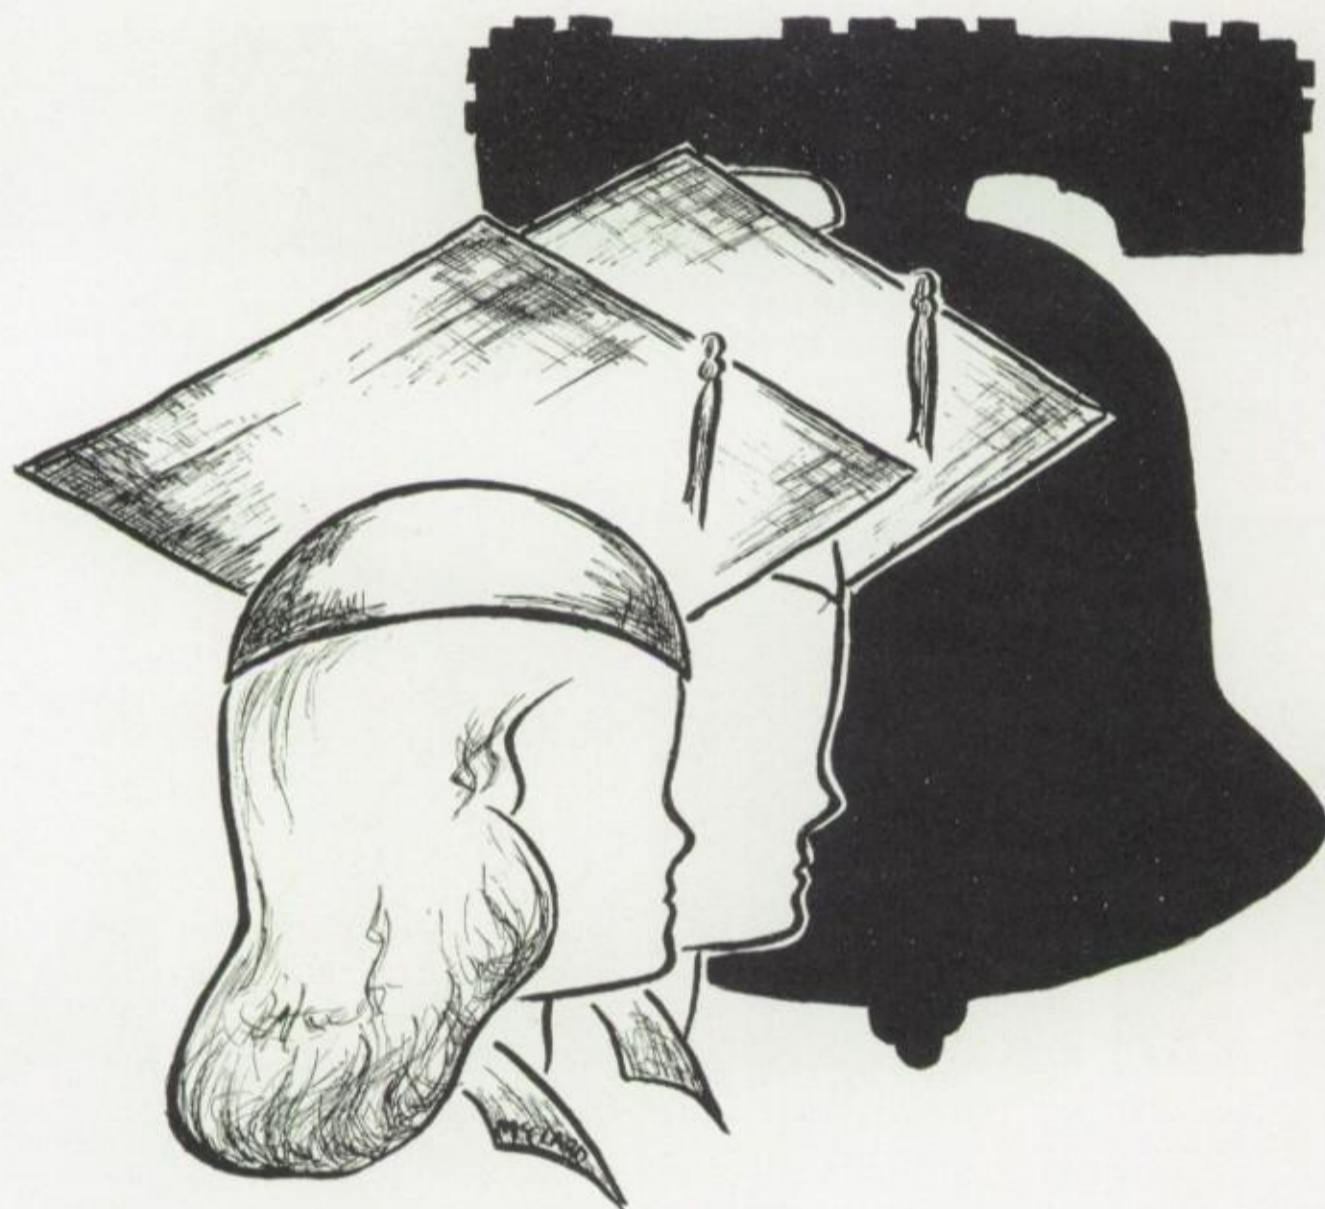

How can I get out?

Oh, these over due books!

Work! Work! Work!

*Myers*  
**YEARBOOKS**  
*in deeptone*

The image features a full-page abstract pattern composed of numerous overlapping triangles. The triangles are rendered in various shades of green, ranging from a pale, almost white-green to a deep, dark forest green. The arrangement of these triangles creates a sense of depth and movement, with some appearing to recede into the background while others project forward. The overall effect is a textured, organic yet geometric surface.
